### REPLACING FRONT STEPS OF THE CHURCH

We now have a quote for replacing the fractured front steps of the church. After consultation, we have enlisted TUMMILLO Construction to carry out this job. They will clean off existing coating on stairs (treads & risers) and remove all upper tiles, replacing them with natural stone.

Redo existing masonry wing walls (right & left side).

Cost: \$15,500. +hst

To complete the project, MOORE Insulation will clean the underpart of the basement, insulate & paint.

Cost: \$2,000. +hst

This necessary endeavor is being undertaken because the CWL of our Parish have promised \$10,000. toward the construction. To them we owe our sincere gratitude and appreciation for this kindness.

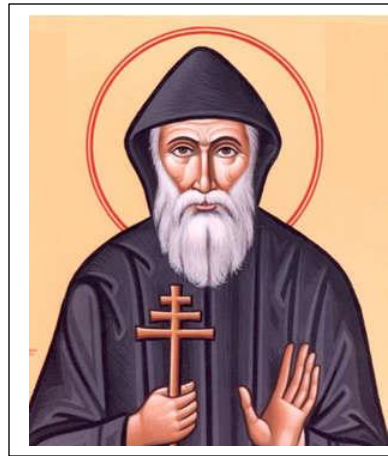

We now need your generosity to complete this work.
